The overall balance for the period is a deficit of MVR 2,105.1 million, as expenditure incurred was higher than revenue received during the period.

### Notes:

Figures in this report may be different to reports published by other offices as the figures are recorded the day it becomes realised to the Public Bank Account.

Total expenditure include figures where budget was consumed in 2018, but has been recorded as an expense in 2019. Cumulative 2019 expenditure is likely to be understated as expenditure for this period includes reversal entries for transactions for which budget has been consumed in 2018.

Approved figures are including the budget supplement, passed by the People's Majilis on 27 August 2019.
