Public Service Commission, Kenya

According to the “Human Resources Policies and Procedures Manual for the Public Service”, risks and associated costs are regulated by the Occupational Safety and Health Act and the Work Injury Benefits Act (WIBA). According to it, authorized officers shall ensure that all officers working in hazardous occupations undergo period medical examination in accordance with the Occupational Safety and Health Act. Additionally authorized officers are required to ensure that staff that are exposed to wet or to any injurious or offensive substances are provided with adequate, effective and suitable protective clothing and appliances. The manual further

states that WIBA provides for compensation for accidents and occupational diseases arising out of and in the course of work; and only injury, diseases or death arising from occupational hazards are compensable; and besides the provisions of WIBA the Government has introduced the Group Personal Accident (GPA) Scheme which is administered by the National Treasury.

“The Report of the Seventh Central Pay Commission” (2015; p.305) of the Government of **India** have recommended to abolish “risk allowance” as it is deemed no longer required due to the existing meagre rates and the proposed pay rise.
