### Attachment of Clarification 4

| Sl. No. | Queries Raised   | Replies   |
|---------|--|---|
| 1.      | Eligibility Criteria - it is mentioned that the contractor should have done 2 works of 5.6 million USD, is this construction related to marine works or general construction.  | Yes, the works considered for this eligibility criteria should be similar to the proposed works i.e. marine works (Offshore). The similarity of the Bidder's participation shall be based on the physical size, nature of works, complexity, methods, technology or other characteristics as described in Section 6, Employer's Requirements.   |
| 2.      | Similar work nature - Whether the construction experience of the residential, commercial will be considered or only the experience in construction of fish marker & Ferry building   | Yes, the construction of residential/ commercial buildings may be considered if the bidder has no specific experience in Fish Market building or Ferry Terminal building.<br>Please refer to Section-3, Clause 2.4.2, Criteria - 4.   |
| 3.      | What is the source of materials for the reclamation  | Part of the dredged material from the harbour basin shall be used for reclamation works.  |
| 4.      | The permanent environmental monitoring cost should be included in the cost or it can be a temporary time to time test  | The bidder should include all the related costs towards environmental monitoring as set out in the EIA report, Environmental Monitoring Plan, Technical Specifications, etc.<br>The price to be quoted under Bill-1 of harbour BOQ against item "Environmental Monitoring and Mitigation Measures".   |
| 5.      | Please confirm the construction site we have at our disposal during the construction phase covers all areas 200m around the new harbour basins.  | Please refer to Plate-1: Kulhduhufushi Harbour Layout in the tender drawings.   |
| 6.      | In "Clarification 1- Attachment 2- location of dumping grounds" the 4 stockpile areas are given, but it is only stockpile 4 and possibly stock pile 1 which have necessary access roads, which can be used for heavy equipment. Please provide us with sufficient and accessible stockpile areas | The dumping ground locations are provided by the Kulhduhufushi Island Council. The Employer shall convey the feedback of the bidders to the council during execution and will request them to earmark some new areas for dumping of the dredged material, if required during execution. The new dumping areas, if required, shall be conveyed to the successful bidder. However, the dredged material shall be dumped and stacked as per requirement mentioned in technical specifications. |
| 7.      | Please confirm the contract is re-measurable and that the theoretic quantities given in the BOQ are to be verified by actual quantities settled by site surveys.   | Bidders are advised to quote the prices against the items and quantities as specified in the Bill of Quantities. Bidders are further advised not to use the bill forms for addition/ omission for any items.<br>In this regard, please refer to Section-7: General Conditions of Contract, Clause   |
