No. of Pages: -01		

Please include this amendment when submitting the bid. **بملاحظة** **الرجاء** **إدراج** **هذا** **التعديل** **عند** **إرسال** **العرض**

- 1. The Letter with reference number (IUL) 13-K/13/2019/43 refers to submission of an EOI (expression of interest). The ToR for the project however refers to “proposals” including “fees” as criterium for evaluation.**

 - a. We would much appreciate to understand if we are to submit an EOI (excluding fees) or a proposal (including fees) on February 28.**

 - EOI should be submitted excluding Fees.
- 2. If we are to submit an EOI we would much appreciate to understand if you have specific requirements regarding content, formal documents or different. Should we e.g. already include an approach & methodology for the services asked in the ToR?**

 - As the REOI stipulates, the EOI should provide specific information which demonstrates that the party is fully qualified to perform the services (background of the firm’s technical expertise, description of any similar assignments undertaken, experience in similar conditions, availability of appropriate skills among staff, value of those services, etc.). The additional details stipulated in the TOR will be required at the next stage (proposal submission stage).
- 3. We noticed section VI states, “The exercise should be completed within a maximum of six months.” Could you please confirm if this duration of six months is intended for all four proposed stages of this master plan?**

 - YES – TOR section VI states that all four stages of the consultancy should be completed within a maximum of six months.
- 4. What documents are required with EOI? Would a standard letter suffice?**

As the REOI stipulates, the EOI should provide specific information which demonstrates that the party is fully qualified to perform the services (background of the firm's technical expertise, description of any similar assignments undertaken, experience in similar conditions, availability of appropriate skills among staff, value of those services, etc.). The

additional details stipulated in the TOR will be required at the next stage (proposal submission stage).

5. The RF EOI document states that “The Government encourages international firms to submit EOI in partnership with Maldivian firms. Do we have to state the name of such a party in the EIO or is this applicable for a later stage?

- In the EOI stage, all Joint Venture firms should be clearly stated

6. We would like to clarify if it is possible for a company to submit non-exclusive EoIs with two different partners for this project.

- It is NOT possible for a company to submit non-exclusive EOIs with different partners for the project
