	Queries	Response
1	The foreign bidders are allowed to quote in MVR and equivalent amount in foreign currency	Kindly refer to Clause 15.1 of Section 1 – Instructions to Bidders
2	The contractor can be paid in foreign currency via irrevocable & confirmed Letter of credit	Kindly refer Clause 15 of Section VIII – General Conditions of Contract.
3	With regards to Item HZM 65 from the Technical Specifications, Hydrostatic Testing and Inspection, we kindly ask you to clarify if the bidders shall offer to the Purchaser a testing company specialized in air or gas compression, filtration, precipitation and drying systems which has their own facility, where the equipment can be tested? If so, please clarify if the cost for the services provided by such company, shall be included in the price schedule form?	No. We would like to purchase a Hydrostatic Testing and Inspection System to use in our facility. However, we would require the details of the manufacturing company so that we can purchase spare parts later.
4	With regards to Item HZM 60 from the Technical Specifications, Drone, please note that the described technical specifications of the camera refer to a standard dual camera. At the same time, it is mentioned that the drone must be equipped with a thermal camera, which technical characteristics are different than those of the standard dual camera. In this relation, we kindly ask you to clarify whether the drone should be equipped with a standard dual camera or with a thermal camera?	The drone should be equipped with a thermal camera.
