MULTIPURPOSE HALL COMPLEX GA.ATOLL SCHOOL KOLAMAFUSHI

Multi-Purpose Hall, Toilets, Safe Room, Stores and Meeting Room

Please find below, our request and proposal for the multipurpose hall and other facilities that have been allotted for GA.Atoll School, Kolamafushi.

The site is located between library and 2-story building at the west area of school. Please note that this is the only empty space available in the school premises.

The available land area for a rectangle building is 90 feet by 70 feet.

There is no land available to establish a 120 by 70 feet with a total of 8400 square feet building as per the offer from MOE.

Therefore, we request to establish the facility in the west site and in an 'L' shape, proposing 90 by 60 and 40 by 25 with total square feet of 6525. This is far less than the offered total square feet, and would provide all required facilities to the school with lesser interference to day-to-day school activities.

Please find our preliminary proposal for the facility attached herewith.

Yours sincerely

Uthayaraj

Principal

(Team of focal: Principal, President and vice President GA. Kolamafushi Council,
PTA Vice Chair, School FMT)

PS. This is a copy of our communication and request mailed to the Minister of State Ahmed Riyaz, on 9th November 2020.
