MONTHLY FISCAL DEVELOPMENTS

August 2022

Revenue and Grants for August 2022 stood at MVR 1,874.8 million, which is a 3.3 percent increase compared to August 2021. A significant proportion of this relative increase is due to the income tax deadline falling in August.

Total Expenditure for August 2022 decreased by 3.6 percent compared to the same month of 2021. Compared to August 2021, Capital Expenditure decreased by 38 percent while Recurrent Expenditure decreased by 15.6 percent.

Fiscal Balance for the month of August 2022 gives an overall deficit 1258.8 of MVR million.

Note:

Total expenditure include figures where budget was consumed in 2021, but has been recorded as an expense in 2022. Negative figures represent reversal entries posted to the Public Accounting System during the review period for which purchase orders were raised in previous periods. Cumulative 2021 expenditure is likely to be understated as expenditure for this period includes reversal entries for transactions for which budget has been consumed in 2022.

As of 04th November 2021, Council Grants are included in the budget.
