➤ Please find below the response to the queries raised.

Contractor Comment	Response/Reference Document
1. As the revenue of Bidder for the year 2022 is less than 10 million so we don't need to submit audited financial, I guess. But still, we must submit the financial statements as per the tender. My question is that the financial statement should be done by a MIRA approved firm, or can we submit the financial which is done by the Bidder	Financial statement should be in accordance with Maldivian tax law
2. Regarding the Project license do we have to get the license when submitting the tender. As per the information for from Ministry of housing project license will be issued for each project separately. If we don't submit the project license will the tender be rejected.	Refer to clause ITT 11.1 (i) 5
