1	2.4.2Experience in Key Activities Table A	<p>C. Integration of switchgear panels and equipment with automated control systems such as DG Controllers, Battery Management Systems (BMS) and Energy Management Systems (EMS) in a microgrid environment.</p> <p>We think this requirement is not very reasonable and we can't understand well about this, could you please clarify the technical requirements in detail?</p>	This is required experience. The islands have DG controllers, EMS, and BMS (diesel and solar PV hybrid systems). The requirement is that the supplier should have experience in integrating switchgear panels with these systems.
