> Find the answers to the queries raised with regard to the project

| QUERY # | QUERIES | RESPONSE |
|------------|---|---|
| 1 | Does the existing 160 m length Breakwater, to be reprofiled with the existing rock or the entire breakwater needs to be replaced with new rock? | The proposed 160m breakwater is a new breakwater. Existing rocks can be used. However, the rock size must meet the employer's requirements. |
| 2 | Is there any as-builts of the existing structures in the harbour | Not available. |
