## INTERIOR FINISHING OF OT COMPLEX AT HULHUMALE' HOSPITAL

LOCATION: KOVELI BUILDING 5<sup>TH</sup> FLOOR

### PURPOSE:

Purpose of this development is to provide a quality care to patients. This development is also expected to reduce the number of days patients have to wait due to unavailability of OT and to reduce the risk of further complications that a patient might face due to this. With this development OT services are expected to be upgraded to clinical guidelines.

### CURRENT SITUATION:

Currently Hulhumale' Hospital runs with only one operation theater. The demand for OT services is increased with the increased number of people moving to Hulhumale' with regard to social housing Project and due to many other reasons. It has become a challenge to Hulhumale' Hospital to keep up the service smooth due to the mentioned increase demand.

OT complex is planned to be developed at Koveli Building 5<sup>th</sup> Floor. The structural work of the location with all external window installation has been completed to commence the interior finishing.

### SCOPE:

The interior finishing of the OT complex involves designing, selecting and developing interior building materials, furniture, fittings and finishing OT complex as per the drawings provided by Hulhumale' Hospital. It also involves supply and installation of machineries, equipment and instruments as per the provided requirement (BOQ).
