## **Clarification 02**

### **Clarifications for the Queries raised by the Applicants**

1. We hold 30% share with our proposed partner for this project. Do we need to form a JV or association with this partner or what other arrangement is required if we are going with a share holding company?

*Please refer to ITA 4.4; A firm and any of its affiliates (that directly or indirectly control, are controlled by or are under common control with that firm) may submit its application for prequalification either individually, as joint venture or as a sub-contractor among them for the same contract. However, if prequalified only one prequalified applicant will be allowed to bid for the same contract. All bids submitted in violation of this procedure will be rejected.*

2. Please clarify if we are allowed to affix an electronic signature on the Application Submission Form instead of actually signing it? Considering that our JV members are located on different parts of the world, this will save us time "emailing" the signed document instead of sending the original copies by post mail to Germany for signature and then to Male'

*Electronic signature is not allowed. Please note that for an a joint venture, either all members shall sign or only the authorized representative, in which case the power of attorney to sign on behalf of all members shall be attached.*
