Clarifications for the Queries raised

1. If the contractor's annual turnover is less than 100 million USD, does the contractor qualify to submit application for prequalification?

Section 6.2 of the PQ document lists minimum requirements. The minimum turnover for a single bidder is 100 million USD. If a single bidder has a lower turnover than 100 million USD , this bidder will not qualify.

2. Will you consider applications from contractors who does not have internationally recognized Quality Assurance registration?

No. Contractors who do not have internationally recognized quality assurance registration will not be considered.

3. Please explain the details to be included in the bank reference letter requested to prove financial capability.

Bank reference letter must demonstrate the financial capability of the company to complete the project.

4. Will you consider applications from contractors who is not in possession of an Environmental Policy and/or management systems?

We will not consider applicants without the possession of an environmental policy and/or management system. to be more specific: applicants shall have in place an environmental management certification iso 14001:2015 or equivalent.

5. Please explain what documents are to be submitted to prove Company's Safety Record over the past 5 years.

Documents that are to be submitted are a HSE certification (at least ISO 45001, or equivalent) which requires the applicant to keep records of all matters related to the HSE on

Handwritten signature

all working sites of the company (e.g. accidents, near accidents, casualties, days of absence, etc...)

6. If the Contractor is not a D&C contractor, can the contractor form a JV or submit a Letter of Intent from a designer to participate in this tender along with the contractor?

Please refer to the PQ document. the applicant, JV partners and subcontractors will need to comply with all requirements as laid out in the PQ document, especially in this regard to section 6 and 7.
