1	Section III. Evaluation and Qualification Criteria (Without Prequalification)	We are interested in taking part the tender TES/2021/W-105 - Design and build of IRRCs at zone 1 islands - lot 2. However in the bid document we find that the minimum personnel for key positions and their minimum experience are exceeding the scope of the project, hence would like to confirm the key personnel table as it is. We also notice that an architect is not mandatory requirement according the table and since this is design and build project we thought we should bring this to your attention.	We confirm the Table 3.5 Personnel under Section III. Evaluation and Qualification Criteria (Without Prequalification) , as it is in the issued Bid Document.
