Please include this amendment when submitting the bid. ١٥

- We understand the requirement is to Supply the required Material only. We assume the services of installation/configuration is not part of this tender?

We would like to confirm that there is no installation/configuration included with this tender.

- **Is there any specification around the operating system that is required for the Desktops?**

In our tender we have not mentioned the required operating system for the Computer Systems. However, if you want our opinion, we prefer Windows 10 as our operating system.

- **Dear Hailam, please find the quarry for witness and victim protection system. Please let us know if you revise the specification**

The revised specification is attached.
