CLARIFICATION 2

م و عرو ما شوس 2

برُسُونَهُ ر No:	TES/2020/W-025		
Project:	Provision of Water Supply and Sewerage Facilities (Lot 1 to Lot 18)		
Issued Date	30th November 2020		
بــُوْرُدُو مِرْمُورُ No. of Pages: -02	3v.3.9 BoQ: -00	Drawings: -00	

Clarifications are given in the below table

#	Query	Clarification
1	Duty status of the captioned tender under material ordering from other countries. (duty free project).	Duty will not be exempted. The Bid Price should be inclusive of
2	Request to extend the tender until 15th December 2020.	Should there be any extension to the deadline, bidders will be informed accordingly via addendum.
3	Please provide maximum electrical load capacity requirement for sewerage system and water system.	Bidder is required to do this estimate on their own.
4	Please provide the details of maximum electricity requirement from solar system.	Expected Minimum output of Solar PV Component is 20 – 25 KW
5	Trench and bedding detail -can we use 10mm excavated sieve materials except 10mm granular materials due to non-availability in the local market.	10 mm excavated sieve materials can be used as long as the contractor provides sufficient justification in their work methodology that this is a technically viable option for a given island.
6	Maintenance shaft - the mentioned top cover for seal the MH (before DI cover) cannot be fixed with 600dia DI cover as proposed in the design drawing. Because of MH seal cover outer dia will be 670mm. So client has to suggest the following one way 1- if proposing 600mm dia DI cover - the internal cover (MH seal cover) should be remove. 2- if proposing internal cover (MH seal cover) - the proposed DI cover should have to change to 700-750 dia.	MH Cover does not necessarily have to be 600 mm. The dia of the shaft should be 600 mm.

7	section VII - technical specification part 2 sewerage works - section 1 - 1.0 - 4 admin building - deleted. Please clarify.	It's a error. Please ignore. Admin Building for STP is included in the contract as a provisional item.
8	Provide list of testing equipment for laboratory facilities in control building for water system. The requested list is not mentioned as per mentioned in technical specification and employer requirements.	Please refer to Technical Specifications Part 1 – General Works; Section 9
9	Should the details requested in SECTION 4.2.1- INITIAL CONCEPT DESIGN to be submitted with the tender or once the tender is awarded with the concept design these details has to be submitted.	The bidder is required to submit the initial conceptual design as per the requirements stated in the bid document. A bid submitted without this information will be considered Non-responsive.
10	In the price schedule should the SCHEDULE 4- PROVISIONSAL SUMS be added to the total summary. It has the following details	A revised tender document along with revised price schedules has been issued. There is no separate schedule for provisional sums in the revised price schedule. Please check the updates and addendums.
11	PART A – Is LETTER OF BID AND BID SECURITY one document for all 18 projects.	Letter of Bid should be submitted in accordance with the given format. Separate Bid Securities is required for each lot as states in Section II – Bid Data – ITB 21.1
12	PART B- Is GENERAL AND FINANCIAL INFORMATION one document common for all 18 projects.	General and Financial Information can be submitted as one common document for all 18 lots
13	PART C- Is TECHNICAL PROPOSAL one document for all 18 projects.	Technical proposal can be submitted as one document. All the common aspects of the proposal need not be repeated for all islands. However, Initial Concept design, work schedules, resource allocation plans and Project Team etc. should be separated.
14	Should PART A, B & C wrapped in one envelope/package and Price schedule in another envelope/package and both together wrapped in one common envelope/package.	This is a single stage single envelope bidding process. Hence all the documents should be submitted in one envelope. Bidder may bind the documents separately as per bidder's convenience.
