in millions MVR

The cumulative revenue and grants for the period, 01 January to 23 December is MVR 19,009.3 million. Receipts were received from tax revenues; TGST, GGST, and BPT. Most significant reciepts this week were received from Non-tax Revenue.

The cumulative expenditure for the period is MVR 32,024.9 million. The majority of expenditure during this period was spent on recurrent expenditure; Salaries and Wages, and Allowances to Employees

The overall balance for the period is a deficit of MVR 13,015.6 million, as expenditure incurred was greater than revenue received during the period.

Notes:

Figures in this report may be different to reports published by other offices as the figures are recorded the day it becomes realised to the Public Bank Account.

Total expenditure include figures where budget was consumed in 2020, but has been recorded as an expense in 2021. Cumulative 2021 expenditure is likely to be understated as expenditure for this period includes reversal entries for transactions for which budget has been consumed in 2020.

The supplemented figures include MVR 2.2 billion that was supplemented to the 2021 Approved Budget when the Budget 2022 was approved.
